

## **Permeate Evangelism Ministries**

*"Creating a Culture of Evangelism within the Church"*

Permeate Evangelism is passionate about sharing the gospel through the local church. We believe that God moves through local churches to preach the Word and disciple and we desire to help churches create a culture of evangelism so every member of the church is trained to share the gospel in every day life. In our experience, many Christians are well taught from the Scriptures, but it can be difficult to articulate the gospel properly. Additionally, there are various fears and insecurities that come with sharing the gospel. Trainings in evangelism help to root out these hindrances and encourages/excites the believer to share the good news of Jesus.

In this document, we are seeking to gather information so that we know how to best serve you as the local church. We believe the local church leadership knows the congregation and their immediate community best but we will be glad to advise based on our experiences as well if needed. Please send this form filled out to [permeateevangelism@gmail.com](mailto:permeateevangelism@gmail.com) and we will plan to have a phone conversation(s) with the leader or point of contact at your church prior to the training.

Permeate Evangelism is a non-profit organization (pending 501(c)(3) finalization). Kevin Tallaksen, Founder & President, is a full-time missionary with Permeate and also Narrow Road Ministries (youth & international church planting). When Permeate leads evangelism trainings, we ask churches at minimum to cover cost of travel and if the church feels led, a love offering or any amount the Lord lays on the heart of the people and church. We do not want to be a burden to the church or prohibit evangelism trainings due to costs. We trust that God has guided Permeate Evangelism to where we are today and we also trust that God will provide.

Please fill out the following information to the best of your ability. On the second page, there are pre-training options, core training topics, and post-training opportunities. Please note that the topics have times associated so please check the amount of topics based on the estimated time allotted to the training. There are 50+ topics we have trained on, but we selected some of the more popular options. We are able and willing to teach on any topic related to evangelism.
